Assessment Day

Your fur baby will need to come in for the day assessment day to ensure that he/she is suited to the daycare environment. We also highly recommend that your fur baby comes a couple of times to the daycare prior to you being away. We find this much kinder and more settling for them to come into an environment they know and enjoy before you go away.

Assessment Fee (Once Off) R380. We need to spend approximately 30 minutes in the morning with you and your fur baby to ask you important questions that your fur baby can't tell us during the day.
